S.T.A.R.T.* Bulldozes Barriers to Recovery for New Jersey’s Pregnant and Parenting

It’s okay not to be okay. In response to the COVID-19 pandemic, The Center for Great Expectations has increased access to mental health and recovery services in two of its programs.

With the support of the State of New Jersey, S.T.A.R.T. has expanded and now offers free teletherapy, teledoulas and virtual peer recovery coaching for pregnant and postpartum persons, striving to overcome use of alcohol and other substances.

Licensed clinicians offer counseling tailored to the needs of mothers in recovery. Certified doulas provide birth education, support at the hospital, and honor the transition to motherhood as a rite of passage. Peer recovery specialists bring the expertise and perspective of someone who has reclaimed their life and gained freedom through sobriety. Complimentary services include an on-staff APN for initiation and maintenance of pharmacotherapy, toxicology screening and therapeutic groups via telehealth to provide connection with other mothers in recovery. Services are provided for up to 18 months in Essex, Hunterdon, Western Hudson, Middlesex, Morris, Somerset, and Union Counties. To schedule your S.T.A.R.T. consultation, call (732) 247-7003 x 422. Text (732) 434-8577 or email cflynn@cge-nj.org.

Roots to Recovery Outpatient Services is offering a full array of virtual substance use and mental health treatment services, including Intensive Outpatient and recovery support. We provide individualized assessments and evaluations to inform client-centered treatment plans, which include virtual individual and group therapy, psychiatric care, Medicated Assisted Treatment (MAT), case management and peer support. For an intake appointment, scheduled at your convenience, call (732) 993-6403 ext. 414 or email dscott@cge-nj.org.

The Center for Great Expectations has been serving the most resilient and courageous New Jersey residents for over 20 years and continues to offer a range of free substance use and mental health services during this pandemic. We know times of extraordinary stress provide opportunities for transformation and stand ready to assist clients in elevating themselves and creating an intentional life filled with joy and connection.

Helpline also is providing volunteers to pantries, Meals on Wheels and other organizations who might need them. The Telephone Reassurance program for seniors and persons with disabilities makes calls to clients from 8am to 8pm for wellness checks and to provide updated community information. Helpline is accepting new clients for this service if people want to be called during the pandemic. Helpline will register people for Citizen Alert and Register Ready if they cannot do so themselves. Helpline’s COVID-19-related Community Information page is updated regularly to provide information about government services, nonprofit programs and services, as well as store and organization hours of operation and special hours for seniors.

(Hotspots) Las instrucciones sobre cómo conectar el Chromebook o iPad de su hijo están disponibles en la página principal del sitio web de FRSD.

Todo lo que necesita hacer es encender el dispositivo del niño. Si ve una opción para Xfinitywifi, selecciónela. Luego se le pedirá que acepte los términos y condiciones requeridos por Xfinity. A la vez que hagas esto, debe estar conectado.

Si no ve Xfinitywifi como una de sus opciones, probablemente significa que no hay un punto de acceso Xfinitywifi lo suficientemente cerca como para que pueda usarlo.

En este caso, pueden probar otras ubicaciones para una señal. Si aún no tiene éxito, siempre puede optar por acceder a Internet de la escuela trabajando fuera pero cerca de la escuela. Por ejemplo, las mesas de picnic ubicadas cerca de la entrada de RFIS en 50 Court Street y entra escuelas en el distrito.

IRS Economic impact payments:
What you need to know
Check IRS.gov for the latest information: No action needed by most people at this time
IR-2020-61, March 30, 2020
WASHINGTON – The Treasury Department and the Internal Revenue Service today announced that distribution of economic impact payments will begin in the next three weeks and will be distributed automatically, with no action required for most people. However, some seniors and others who typically do not file returns will need to submit a simple tax return to receive the stimulus payment.

Who is eligible for the economic impact payment?
Tax filers with adjusted gross income up to $75,000 for individuals and up to $150,000 for married couples filing joint returns will receive the full payment. For filers with income above those amounts, the payment amount is reduced by $5 for each $100 above the $75,000/$150,000 thresholds. Single filers with income exceeding $99,000 and $198,000 for joint filers with no children are not eligible.
Eligible taxpayers who filed tax returns for either 2019 or 2018 will automatically receive an economic impact payment of up to $1,200 for individuals or $2,400 for married couples. Parents also receive $500 for each qualifying child.

How will the IRS know where to send my payment?
The vast majority of people do not need to take any action. The IRS will calculate and automatically send the economic impact payment to those eligible.
For people who have already filed their 2019 tax returns, the IRS will use this information to calculate the payment amount. For those who have not yet filed their return for 2019, the IRS will use information from their 2018 tax filing to calculate the payment. The economic impact payment will be deposited directly into the same banking account reflected on the return filed.

The IRS does not have my direct deposit information. What can I do?
In the coming weeks, Treasury plans to develop a web-based portal for individuals to provide their banking information to the IRS online, so that individuals can receive payments immediately as opposed to checks in the mail.

I am not typically required to file a tax return. Can I still receive my payment?
Yes. People who typically do not file a tax return will need to file a simple tax return to receive an economic impact payment. Low-income taxpayers, senior citizens, Social Security recipients, some veterans and individuals with disabilities who are otherwise not required to file a tax return will not owe tax.

How can I file the tax return needed to receive my economic impact payment?
IRS.gov/coronavirus will soon provide information instructing people in these groups on how to file a 2019 tax return with simple, but necessary, information including their filing status, number of dependents and direct deposit bank account information.

I have not filed my tax return for 2018 or 2019. Can I still receive an economic impact payment?
Yes. The IRS urges anyone with a tax filing obligation who has not yet filed a tax return for 2018 or 2019 to file as soon as they can to receive an economic impact payment. Taxpayers should include direct deposit banking information on the return.

I need to file a tax return. How long are the economic impact payments available?
For those concerned about visiting a tax professional or local community organization in person to get help with a tax return, these economic impact payments will be available throughout the rest of 2020.

Where can I get more information?
The IRS will post all key information on IRS.gov/coronavirus as soon as it becomes available. The IRS has a reduced staff in many of its offices but remains committed to helping eligible individuals receive their payments expeditiously. Check for updated information on IRS.gov/coronavirus rather than calling IRS assistors who are helping process 2019 returns.
