**Pandemic Electronic Benefits Transfer Program (P-EBT)**

The New Jersey Department of Human Services and the New Jersey Department of Agriculture will issue P-EBT benefits to current Supplemental Nutrition Assistance Program (SNAP) households and non-SNAP households, which include children eligible for free and reduced price school meals, through the State’s SNAP EBT card system. The State will use procedures described in its approved plan to identify eligible children in both SNAP and non-SNAP households. As detailed in its approved plan, the State will use existing case information to issue benefits to current SNAP households and the State will obtain all necessary data to issue EBT cards to eligible non-SNAP households. The State will issue benefits only to households of children whose schools were closed for at least 5 consecutive days during the emergency designation and who would have received free or reduced price meals under the Richard B. Russell National School Lunch Act if not for the school closures. The State will conduct a public information campaign to alert those receiving benefits regarding the purposes of P-EBT and how P-EBT benefits and EBT cards are to be used, as described in the plan. The State must also provide information to non-SNAP households about what to do if they do not wish to receive or use P-EBT benefits.

*P-EBT is not considered public charge.*

**SPANISH Programa de Transferencia Electrónica de Beneficios en la Pandemia (P-EBT)**
• Se proporcionarán beneficios especiales llamados “Pandemic EBTs” a los beneficiarios del Programa de Asistencia de Nutrición Suplementaria (SNAP) del Estado y a aquellos hogares que no sean beneficiarios de SNAP pero que tienen niños que normalmente reciben comidas escolares gratuitas o a bajo precio.
• Cada familia recibirá $416.10 por estudiante elegible para recibir apoyo nutricional durante el tiempo que las escuelas hayan estado cerradas durante la pandemia. No es necesario presentar una solicitud para recibir este beneficio.
• Los estudiantes elegibles que ya participan en SNAP recibirán el Pandemic EBT a través de la tarjeta de “Families First” de su hogar. Todos los demás hogares elegibles para Pandemic EBT recibirán una tarjeta P-EBT por correo. Se espera que los beneficios se emitan a más tardar en junio.

*P-EBT no se considera cargo público.

Services usually start with a visit to the patient’s primary care provider for a clinical breast, cervical, colorectal and/or prostate cancer screening. According to age, risk factors and provider’s recommendation, the patient may then qualify for a screening mammogram for breast cancer screening; Pap and HPV tests for cervical cancer screening; fecal immunochemical test (FIT) for colorectal cancer screening; and/or prostate specific antigen (PSA) blood test for prostate cancer screening. If results are positive or abnormal, we may pay for breast ultrasounds, colposcopies, colonoscopies and a prostate ultrasound, respectively, to name a few.

SCHOOL ANNOUNCEMENTS:
Messages in English and Spanish for families eligible for Free and Reduced Lunch meals
Can my child still get their free school meals with all of New Jersey’s schools closed?
To ensure no child goes hungry during this public health emergency, the New Jersey Department of Education is working with school officials to continue distributing free meals for eligible students.
Check with your local school district to learn how they are distributing free meals for students in your community.
In addition, special Pandemic-EBT benefits will be provided to recipients of the state's Supplemental Nutrition Assistance Program (SNAP) and non-SNAP households with children who normally receive free or reduced-price school meals. Families will receive $416.10 for each eligible student for nutritional support during the time that schools have been closed during the pandemic. No application is necessary to receive this benefit.
Eligible students already participating in SNAP will receive the Pandemic-EBT on their household's existing Families First card. All other Pandemic-EBT eligible households will be mailed a P-EBT card. Benefits are expected to be issued no later than June.
Families in need of food, cash, or other assistance, can learn about what programs are available and how to apply at New Jersey's official COVID-19 website.

¿Puede mi hijo recibir sus meriendas escolares gratuitas mientras las escuelas de Nueva Jersey estan cerradas?
Para garantizar que ningún niño pase hambre durante esta emergencia de salud pública, el Departamento de Educación de Nueva Jersey está trabajando con los funcionarios escolares para continuar distribuyendo comidas gratuitas para aquellos estudiantes elegibles.

Consulte con su distrito local escolar para saber cómo están distribuyendo comidas gratuitas para los estudiantes en su comunidad. Además,
- Se proporcionarán beneficios especiales llamados “Pandemic EBTs” a los beneficiarios del Programa de Asistencia de Nutrición Suplementaria (SNAP) del Estado y a aquellos hogares que no sean beneficiarios de SNAP pero que tienen niños que normalmente reciben comidas escolares gratuitas o a bajo precio.
- Cada familia recibirá $416.10 por estudiante elegible para recibir apoyo nutricional durante el tiempo que las escuelas hayan estado cerradas durante la pandemia. No es necesario presentar una solicitud para recibir este beneficio.
- Los estudiantes elegibles que ya participan en SNAP recibirán el Pandemic EBT a través de la tarjeta de “Families First” de su hogar. Todos los demás hogares elegibles para Pandemic EBT recibirán una tarjeta P-EBT por correo. Se espera que los beneficios se emitan a más tardar en junio.

IRS Economic impact payments: What you need to know
Check IRS.gov for the latest information: No action needed by most people at this time
IR-2020-61, March 30, 2020
WASHINGTON – The Treasury Department and the Internal Revenue Service today announced that distribution of economic impact payments will begin in the next three weeks and will be distributed automatically, with no action required for most people. However, some seniors and others who typically do not file returns will need to submit a simple tax return to receive the stimulus payment.

Who is eligible for the economic impact payment?
Tax filers with adjusted gross income up to $75,000 for individuals and up to $150,000 for married couples filing joint returns will receive the full payment. For filers with income above those amounts, the payment amount is reduced by $5 for each $100 above the $75,000/$150,000 thresholds. Single filers with income exceeding $99,000 and $198,000 for joint filers with no children are not eligible.

Eligible taxpayers who filed tax returns for either 2019 or 2018 will automatically receive an economic impact payment of up to $1,200 for individuals or $2,400 for married couples. Parents also receive $500 for each qualifying child.

How will the IRS know where to send my payment?
The vast majority of people do not need to take any action. The IRS will calculate and automatically send the economic impact payment to those eligible.

For people who have already filed their 2019 tax returns, the IRS will use this information to calculate the payment amount. For those who have not yet filed their return for 2019, the IRS will use information from their 2018 tax filing to calculate the payment. The economic impact payment will be deposited directly into the same banking account reflected on the return filed.

The IRS does not have my direct deposit information. What can I do?
In the coming weeks, Treasury plans to develop a web-based portal for individuals to provide their banking information to the IRS online, so that individuals can receive payments immediately as opposed to checks in the mail.

I am not typically required to file a tax return. Can I still receive my payment?
Yes. People who typically do not file a tax return will need to file a simple tax return to receive an economic impact payment. Low-income taxpayers, senior citizens, Social Security recipients, some veterans and individuals with disabilities who are otherwise not required to file a tax return will not owe tax.

How can I file the tax return needed to receive my economic impact payment?
IRS.gov/coronavirus will soon provide information instructing people in these groups on how to file a 2019 tax return with simple, but necessary, information including their filing status, number of dependents and direct deposit bank account information.

I have not filed my tax return for 2018 or 2019. Can I still receive an economic impact payment?
Yes. The IRS urges anyone with a tax filing obligation who has not yet filed a tax return for 2018 or 2019 to file as soon as they can to receive an economic impact payment. Taxpayers should include direct deposit banking information on the return.

I need to file a tax return. How long are the economic impact payments available?
For those concerned about visiting a tax professional or local community organization in person to get help with a tax return, these economic impact payments will be available throughout the rest of 2020.

Where can I get more information?
The IRS will post all key information on IRS.gov/coronavirus as soon as it becomes available. The IRS has a reduced staff in many of its offices but remains committed to helping eligible individuals receive their payments expeditiously. Check for updated information on IRS.gov/coronavirus rather than calling IRS assistors who are helping process 2019 returns.
